## 73 WHEELCHAIRS GIVEN IN REFUGEE CAMP

Almost 10,000 people are living in IDP (Internally Displaced Persons) camps in the Mangu area as a result of mass killings of farmers by nomadic herdsmen. This is Ayuba's home area. His mother spent weeks sleeping each night in the bush fearful of attacks. Conditions in the camps are bad, with no school for most children and nursing mothers sleeping on bare floors.

Ayuba gave out 8 wheelchairs here in August and another 65 on September 24th. The leader of the PWDs (People Living With Disabilities), Mr. Nanfwang, told of his miraculous escape from the attackers. Satmak told of hiding in a well while the attack lasted. There were many sad stories. One man told Sandra, our photographer, that he made the 2 hour trip on his wheelchair twice a week to the village to check on his farm. In the spirit of Christ's love and forgiveness, wheelchairs were given to several disabled Fulanis at the insistence of the PWD leader
