NIGERIAN ARMY DISTRIBUTES 250 WHEELCHAIRS

In partnership with Beautiful Gate Handicapped People Center, the Nigerian Army organized the distribution of 250 wheelchairs to disabled folks in all the 17 Local Government Areas of Plateau State and several in Bauchi State and Kaduna State.

The army sent trucks to Internally Displaced Peoples' camps and other troubled and unsafe areas and brought the disabled folks to Jos. Top military personnel and many other dignitaries attended the ceremony. Afterwards the army took the beneficiaries back to their homes with their new wheelchairs and 22 lb. bags of rice.

2676 wheelchairs have been distributed from January to September this year. This record production means more funds than ever are needed for supplies. Even though we have received \$218,340 so far in 2022, a record, we have spent everything on needed bicycle parts and other supplies, and are again scraping the bottom of the barrel.

Please help us transform the lives of these polio survivors. \$150 makes a dramatic impact on these who have spent their lives crawling on the ground.

Thank you in advance for your support!

Ron and Sharon Rice are travelling to Nigeria October 2nd

This will be Ron's 30th trip. It has been 3 years since their last visit, first delayed because of Covid, and then because kidnapping has become a serious risk. They are linking up for a week with colleague Phyllis Sortor, an amazing missionary from Seattle. Ron is on her board. Last year he went together with her to purchase an armored vehicle. She also employs 2 policemen full time who provide security on the road and do other work when she is not travelling.

Ayuba is arranging large wheelchair distributions for each day they are together, with the armored Lexus SUV and the 2 policemen providing security.

Please pray for their safety. They return October 16.

A visiting missionary from India gave powerful messages at a number of distributions, proclaiming the love of Jesus and challenging the hearers to a genuine encounter with the Savior.
