A young mother, crippled by polio, receives a wheelchair

180 WHEELCHAIRS GIVEN IN THE FAR NORTH

Ron and Sharon Rice traveled with Ayuba Gufwan to Jigawa State in Nigeria's desert far north in early May, where they gave out 180 wheelchairs in 3 major presentations. The temperature was over 100 degrees, daytime and nighttime, with very little air-conditioning. Eighty wheelchairs were given at the palace of the Emir of Kazauri, where "Chief" Rice wore his turban and robe, proper protocol for a chief visiting an Emir. This was Ron's 28th trip to Nigeria.

Try to imagine what it would be like, if you have crawled on your hands and knees your whole life, to receive this life-changing gift.

BEAUTIFUL GATE AND AYUBA ARE FAMOUS

Beautiful Gate Handicapped People Center, the name of our organization in Nigeria, was voted the #1 Non-Governmental Organization (NGO) in a Social Media poll taken in Jos, with votes from all over Nigeria.

Ayuba Gufwan was voted the second most influential politician in Plateau State (5 million population) even though he has never held public office!

A life-changing, never-to-be-forgotten day!
