WHEELCHAIR DISTRIBUTIONS CONTINUE DESPITE CANCELATION

Ron and Sharon Rice had to cancel their April 6th trip to help Ayuba with wheelchair distributions. Nigeria has not made allowance for visitors who have been vaccinated, so they would have had to quarantine for half their 19 day trip. More importantly, the risk of kidnapping has become severe, so it was just not wise or safe to go at this time.

However Ayuba is going ahead with the scheduled distributions of 490 wheelchairs in the next two weeks.

TRANSFORM A LIFE FOR \$150. Over 23,000 wheelchairs have been built and donated so far, but the need is immense. Donations have slowed and our bank balance is very low. Give the gift of mobility to these who spend their lives crawling on the ground. Send your check to Wheelchairs for Nigeria, 1542 Palm Ave SW, Seattle WA 98116 or give online at WheelchairsforNigeria.org.

Imagine crawling on these rocks with bare knees— and smiling, excited to get a wheelchair.

Disabled children wait, hoping to get a wheelchair.
