WHEELCHAIR DISTRIBUTIONS RESUME

In March, Ayuba had to cancel all wheelchair distributions because of the lockdowns. In May the shop was allowed to reopen and production resumed in earnest. In fact over 2250 wheelchairs have been built since the first of the year.

However, large gatherings have not been allowed, so distributions have been on hold. Finally in November, Ayuba was able to begin giving out wheelchairs again.

Since the COVID protocols were lifted, Ayuba has had 6 distributions, giving out 177 wheelchairs. He has also delivered 890 wheelchairs to other venues, awaiting the scheduling of distributions, and has more scheduled in coming days.

GIVE A GIFT OF MOBILITY THIS CHRISTMAS

For \$150 you can transform the life of a child or adult crippled with polio, who otherwise will spend the rest of his or her life crawling on the ground. Your gifts have already changed the lives of over 21,000 polio survivors, but there are tens of thousands who still need wheelchairs.

Since there have been no distributions for many months, thus no newsletters since May, it means giving is way down and our bank account is depleted.

Please give a generous tax-deductible contribution online at www.WheelchairsforNigeria.org or mail a check to 1542 Palm Ave SW, Seattle WA 98116.

Please consider an automatic monthly gift, either online or through Bill Pay at your bank (no fee).

THANK YOU FOR YOUR SUPPORT

Dozens of disabled folks wait in the hot sun, hoping to get a wheelchair.

Ayuba blesses a small boy and his new wheelchair

Disabled folks wait on the veranda, hoping there are enough wheelchairs for everyone.
